111| "The Dashboard/Admin view must strictly use the 'dashboard_bento' grid with dense, flat cards ('dashboard_widget'). NO glassmorphism in the dashboard content area.",

112| "Add 'data-testid' to every interactive element (links, buttons, form inputs, cart triggers).",

113| "Hero sections should utilize the provided high-res hero images. If text is placed over an image, ensure a gradient overlay or maximum bg-black/40 is applied.",

114| "Never use purely centered typography for major content blocks; left-align forms, paragraphs, and product metadata. Center only for specific section headings or very brief CTAs.",

115| "Primary CTAs should use the Terracotta (#C05E47) shade. Ensure hover states slightly darken the hue."
